

## **Corporate Service Scam – Alert Concerning Solicitation to New Jersey Businesses**

We are alerting all New Jersey businesses to be aware of mailings concerning an "Annual Corporate Records Form." A private company calling themselves "Corporate Records Services" is sending the mailings, which solicit a fee of \$125 in return for the recording of corporate shareholders, directors and officers. Businesses should be aware that the State of New Jersey **does not require** this form to be filed. Businesses should not be confused by the official appearance of the mailings. They are not connected with the State of New Jersey's business entity annual report process, and the state has no affiliation with the sender.

New Jersey businesses that receive the mailing may report this by:

1. Filing a complaint with the New Jersey Division of Consumer Affairs, PO Box 45025, Newark, NJ 07101. Visit <http://www.nj.gov/oag/ca/complaint/ocp.pdf> to download a complaint form; or
2. Contacting the United States Postal Inspections Service to report mail fraud at: (877) 876-2455 or <http://postalinspectors.uspis.gov/forms/MailFraudComplaint.aspx>.

Corporate officers and business representatives who have questions about these mailings and the legal requirements to submit corporate annual reports to the State of New Jersey should contact the Division's Hotline at 609-292-9292.
